COMPANY PROFILE

Bearings

Being an independent company, we have no restrictions on what brands we sell. Through our worldwide contacts we offer excellent prices to our clients on Premium Brands, such as :

SKF

INA-FAG

NSK-RHP

TIMKEN

NTN

KOYO

And we are proud to be the sole official distributors in the UK for;
ZVL - ZKL - KINEX - EEC brand bearings.

We carry a large stock of bearings here in Dundee including;

Deep Groove Ball Bearings

Cylindrical Roller Bearings

Tapered Roller Bearings

Spherical Roller Bearings

Spherical Thrust Bearings

Self Lube Bearings Units

Self Aligning Bearings

Cooper Bearings

Super Precision Bearings

Certification & Technical support is offered on all products we supply.

NSK-RHP

Bearing Brand Info

We stock a wide range of FAG Bearings, including Deep Groove Ball Bearings, Spherical Roller Bearings & Cylindrical Roller Bearings

Timken, the world's leading manufacture of tapered roller bearings, we carry a large stock of both metric & imperial tapers at very good prices

We stock and supply SKF products, sourced from our worldwide contacts, if you want SKF ask R&M Bearings.

A wide range of RHP Self Lube units are stocked here in Dundee, we can offer very good discounts on these premium bearing units.

Official distributors for ZKL (Czech Republic) we specialise in the supply of Spherical Roller Bearings, offering a premium product at very good prices. Ball Bearings / Taper Bearings / Roller Bearings available too.

R&M Bearings are distributors for Kinex (Slovakia) we specialise in the supply of roller bearings for the Railway Industry and Super Precision bearings for applications such as Turbochargers.

EEC is our own brand, launched in 2010, we manufacture a range of popular bearings where the customer demands low prices yet the quality is still guaranteed. Ask us for more details.

Corrosion Resistant & High Temperature Bearing Units

Thermoplastic Bearing Units consist of a stainless steel bearing insert housed in a high-grade glass-filled thermoplastic polyamide unit. Completely interchangeable with conventional cast-iron housings, Thermoplastic Bearing Units are a maintenance free housing with excellent mechanical strength. Corrosion resistant Thermoplastic Bearings Units are available from R&M in a range of sizes and styles, with closed end covers and back seals to suit almost any application.

Features & Benefits of Thermoplastic Bearing Units

- More hygienic compared to standard cast-iron housings
- Developed for the food industry
- Completely corrosion free
- 20mm bore to 50mm bore for NP, SFT, SF and ST styles.

Features & Benefits of Stainless Steel Bearing Units

- Corrosion resistant
- Resistant to cleaning agents and chemicals
- Resistance to regular wash-downs & chemical attack
- Republication is possible for long trouble-free life
- Low maintenance

Applications

- Food and beverage industry
- Food processing
- Canning
- Bottling
- Pharmaceutical
- Chemical & Rubber Processing
- Packaging
- Car Washes

SPECIAL BEARINGS

Bearings for Wind Turbines

Recent history has seen a massive investment from worldwide governments and power generating companies for onshore wind turbines and more recently offshore wind turbines. R&M Bearings International Ltd and our factory partners are successfully designing and producing specialised bearings for these applications. Between our designers here at R&M and our fantastic engineers at our factory we work hand in hand with customers designing suitable bearings with critical criteria.

Bearings supplied by R&M;
Wind Turbine Generator Bearings
Main Shaft Bearings
YAW Bearings
Slewing Bearings
Bearings for Upto 5.0MW Turbines

CERAMIC BEARINGS

Another development in recent history has seen an increase in the demand for ceramic bearings, the benefits of these bearings are they weigh up to 40% less than a steel bearing. This reduces the friction and allows the bearing to spin faster and use less energy to maintain its speed. These bearings prove to be very popular for cyclists and skateboarders for the wheel bearings.

Typical Applications :

Auto manufacturing,
Driving equipments and industrial engines,
Industrial chemistry,
Medical and
Industrial food processing equipments.

LUBRICANTS

We are official distributors for the Tayside & Angus regions of Scotland for Rocol Lubricants.

ROCOL is a leading manufacturer of oils & lubricants and we are delighted that a world renowned brand has chosen us to represent them.

Here is a list of some of the popular items in the Rocol range:

- ROCOL BEARING GREASE (FOODLUBE)
- ROCOL CHAIN LUBRICANTS (FOODLUBE)
- ROCOL GEAR OILS
- ROCOL ANTI-SEIZE & ASSEMBLY PRODUCTS
- ROCOL CORROSION PROTECTION
- ROCOL INDUSTRIAL
- ROCOL MULTI-PURPOSE MAINTENANCE PRODUCTS
- ROCOL COMPRESSOR & HYDRAULICS OILS
- ROCOL WIRE ROPE LUBRICANTS
- ROCOL SPECIALIST MAINTENANCE PRODUCTS
- ROCOL MARKING PAINTS

As well as Rocol, we have access to products from manufacturers such as:

- LOCTITE
- TYGRIS
- 3M
- SHELL

BETEX SPECIAL TOOLS

Since 2004 we have been the official distributors for Bega Special Tools for Scotland, Bega designs, produces and sells a wide range of low frequency (50/60 Hz) induction heaters for worldwide professional industrial use.

we specialise in the supply of :

BETEX;

Bearing Heaters

Hydraulic Bearing Pullers

Mechanical Bearing Pullers

Hydraulic Tools

Certification

Bega induction heaters comply with CE and IEC requirements.

For the American and Canadian market we are TUV certified for UL and CSA.

BELTS and PULLEYS

R&M are official distributors for Fenner & Pix, we can offer very competitive prices on all products :

Included in the Fenner range are the;

CLASSIC V BELT

POWER PLUS

CRE PLUS

QUATTRO PLUS

POWERTWIST PLUS

PIX have a wide range of belts too, including your basic V Belts, Wedge Belts & Poly V Belts, we are very strong on Blue Kevlar (lawn) Belts and the Muscle Belt range.

CHAINS and SPROCKETS

We also supply a wide range of Chain products, we are also distributors for Morse products, so we can offer a wide range of from :

Morse

Fenner

PIX

On a daily basis we supply Chain products such as :

Roller Chain

Attachment Chain

Conveyor Chain

Leaf Chain

OILSEALS & O'RINGS

R&M Bearings stock & supply a wide range of sealing products, including;

Shaft Seals

Wiper Seals

V-ring Seals

O'rings for extreme applications (including gas industry)

supplied in a range of materials including,

NBR - VITON - SILICONE - PTFE - PEEK and many more on request

CIRCLIPS

Internal and external circlips are supplied in both metric and imperial sizes.

FASTENERS

We also supply a vast amount of fastening products such as;

Cap Screws

Set Screws

Nuts & Bolts

Screwed Rod

in a wide range of materials.

CASTORS

Castors for all applications.

Swivel, Fixed, with our without brakes & jack-up types

ROLLERS

We supply a vast range of Rollers, including

Plastic Rollers

Stainless Steel Rollers

Gravity Rollers

Conveyor Rollers

CONVEYOR BELTING

Our specialists can supply conveyor belting according to our customers demands, we can also offer an on-site vulcanising service.

Industries :

Agricultural

Food

Woodworking

Recycling
