CERTIFICATE

Гарантийное свидетельство

<< LSA GROUP inc. >>

Подшипники ступиц для коммерческого транспорта

Производитель гарантирует надежную работу подшипников LSA на срок один год при пробеге до 300 тысяч километров.

При изготовлении подшипников под маркой LSA используется:

- Высококачественная легированная сталь, применяемая в автомобильной промышленности.
- Специальные термостойкие и высоковязкие смазки для увеличения надежности и работоспособности подшипников.
- Надежное уплотнение, продлевающее срок эксплуатации подшипников и позволяющее выдерживать большой диапазон нагрузок.

Гарантия действительна при соблюдении условий монтажа, технического обслуживания и эксплуатации, принятых для коммерческого транспорта.

CERTIFICATE OF GUARANTEE

<< LSA GROUP inc. >>

Hub bearings for business transport

Manufacturer guarantee the reliable work of bearings LSA for one year time period with total run till 300 thousand kilometers

During the bearings production under brand LSA the following is used:

- High quality alloyed steel that is used in motor-car industry.
- Special thermo-stable and high-tough grease in order to increase the reliability and efficiency of bearings.
- Reliable sealing that prolongs bearings operation time and gives possibility to stand over big load range.

The guarantee is valid in case the requirements of assembling, technical maintenance and use, adopted for business transport, are followed.
